- Roofing information was shared with all of those in attendance. Eagle Roofing tiles will no longer be making white tiles and an alternate type of tile or color will need to be pursued by each of the associations. There is another company that does offer white tile, but it will be a minimum of an 8 month delay and at least \$60 extra per roofing square. The master association cannot dictate how each of the associations handle this matter. It has been suggested to try to keep similar colors across the each associations, and advised to get resident feedback along with mailings.
